

Calling women and women-identifying mentees

EmpowHer Women in Trades Mentorship Program

As a mentee, you will:

- Identify a department within film you'd like to learn more about
- Be available for a minimum of 10 hours
- Be open to learning and participating in one-on-one sessions with your mentor

The EmpowHer program is a first-of-its-kind multi-sector, collaborative project designed to prepare women for employment in the construction, film or manufacturing industries in Manitoba.

Construct. Manufacture. Create.
