

MANITOBA  
CONSTRUCTION  
SECTOR COUNCIL

MCS MICRO COURSES

# INTRODUCTION TO HOME BUILDING CERTIFICATE

## DESCRIPTION

The *Introduction to Residential Construction* will provide students with career options in the growing residential construction sector. This course will prepare participants with the foundational knowledge to develop an understanding of their work preferences, develop their ability to research and analyze careers of interest, and identify their personal qualities and skills as they relate to working in the residential construction industry. *Introduction to Residential Construction* will provide students with career options in the growing residential sector.
